Hello David Loo

The SLA for Incident [1-Look Up record > Incident Record > Number] has reached a critical threshold. Please acknowledge the SLA risk and provide justification immediately.

Action required: You can also use the Virtual Agent to complete this action.

Steps:

1. Open Service Portal
2. Click on Virtual Agent (chat icon)
3. Select "SLA Breach Awareness & Justification"
4. Follow the guided steps

Regards,
ServiceNow System

Test Case 5: UI Policy – Assignee Access

The screenshot shows the ServiceNow Incident form for incident INC0010008. The form is divided into several sections. The top section contains fields for Caller (Abel Tuter), Category (Inquiry / Help), Subcategory (-- None --), Service, Service offering, Configuration item (ANNIE-IBM), Short description (Testing the end to end use case), and Description. The right section contains fields for State (In Progress), Impact (3 - Low), Urgency (3 - Low), Priority (5 - Planning), Assignment group, and Assigned to (David Loo). The bottom section contains fields for SLA Breach Reason (Dependency on third party), SLA Breach Justification (Third-party vendor delayed response, escalated for resolution), SLA Acknowledgement (checked), and SLA At Risk (checked). A 'Related Search Results' button is located below the Short description field.

Test Case 6: Virtual Agent Invocation

Test Case 7 (Acknowledgement capture — if listed separately)

The screenshot shows the ServiceNow Employee Center interface. At the top, there is a red banner that reads 'Employee Center is available to you' and 'Join your peer organizations in creating a better experience with Employee Center, ServiceNow's employee portal.' Below the banner, the ServiceNow logo is visible. A search bar is present. The main content area has three sections: 'Request Something' (Browse the catalog for services and items you need), 'Knowledge Base' (Browse and search for articles, rate or submit feedback), and 'Get Help' (Contact support to make a request, or report a problem). A 'Current Status' section at the bottom shows 'No system is reporting an issue' with a 'More information' link. A 'Now Support' chat overlay is open on the right side of the screen. The chat window has a title bar 'Now Support' and a close button. The chat history shows a message from the Virtual Agent: 'Thank you for using our support chat.' followed by a separator line and a timestamp 'Just now'. The Virtual Agent's message is: 'Hi, I'm your Virtual Agent. Let me know how I can help you today.' followed by 'What's your issue or request? Or take a look at what I can help with.' Below this, there is a button labeled 'SLA Breach Awareness & Justification'. The Virtual Agent's next message is: 'This incident is approaching or has breached SLA. Let's capture the reason and justification.' At the bottom of the chat window, there is a text input field with the placeholder 'Please type your response here' and a send button.

Test Case 8: Report Validation — SLA Breaches by Reason

Test Case 9: Report Validation — Acknowledged vs Unacknowledged
